

Travel: Apartment to Rent

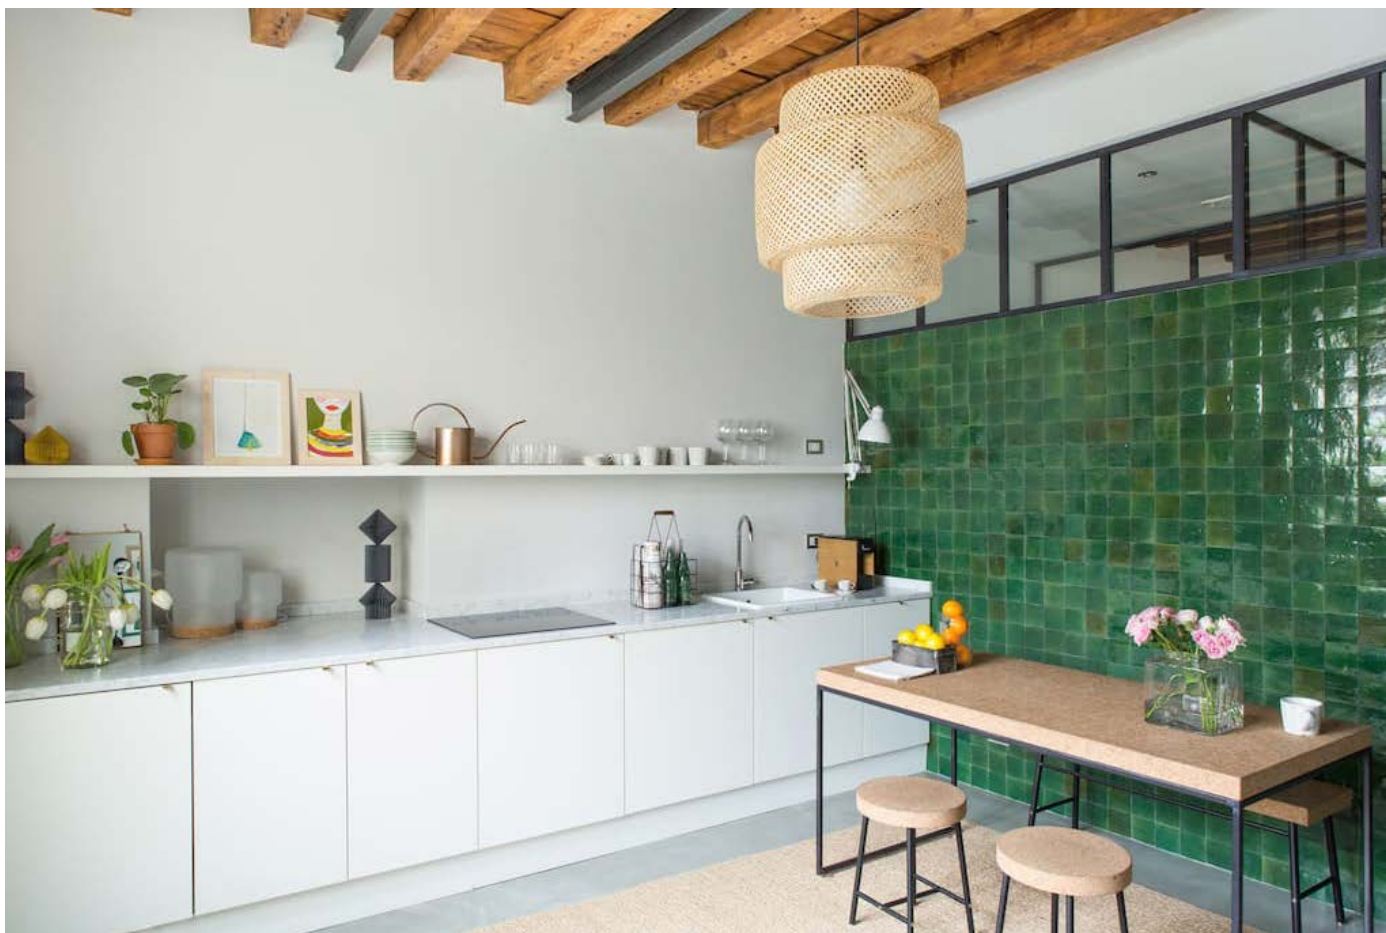

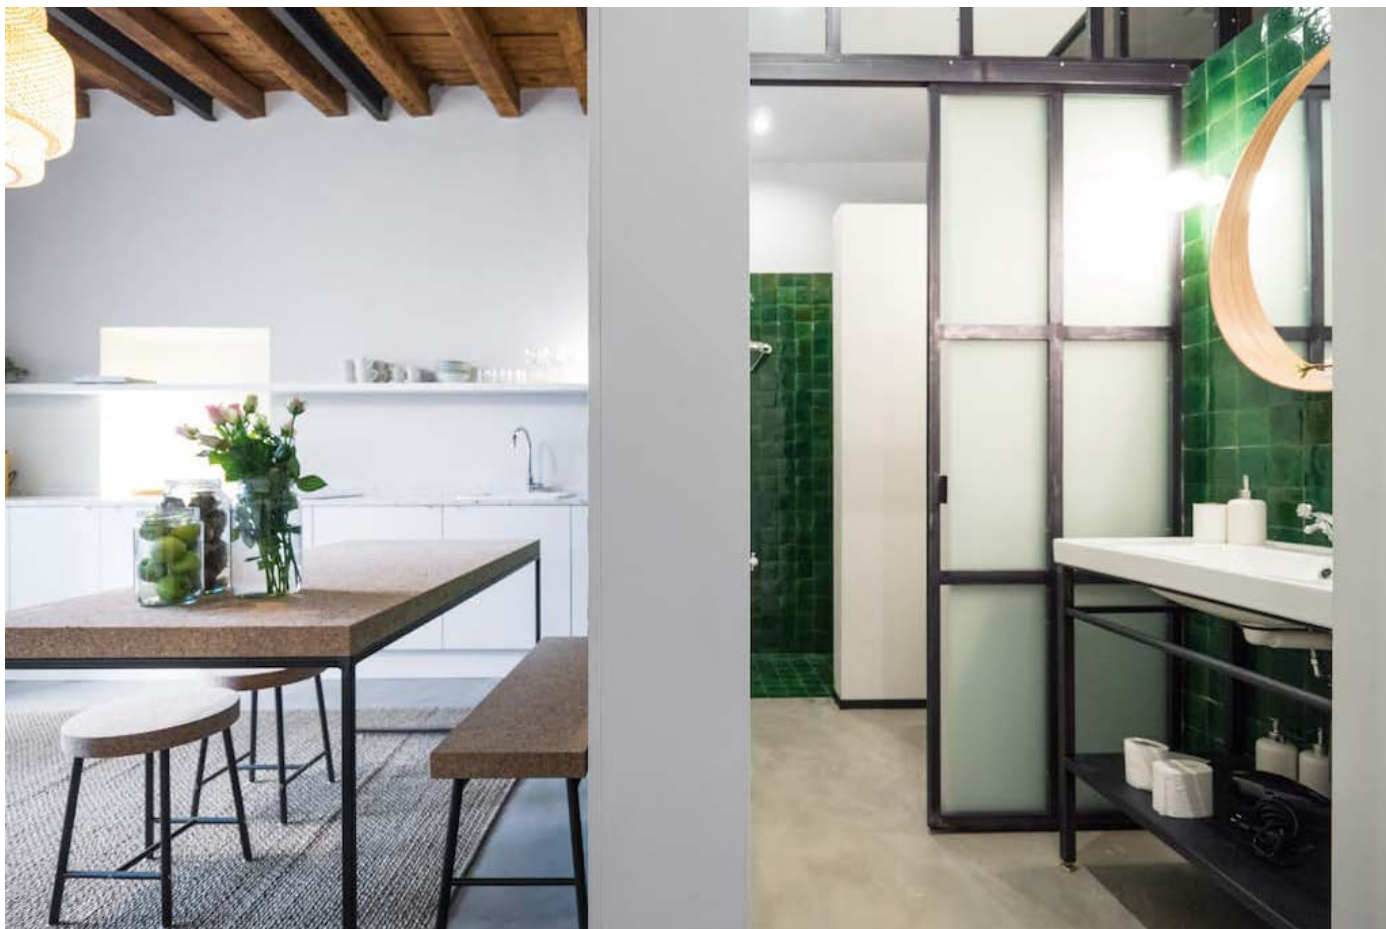

The Greenhouse, Milano

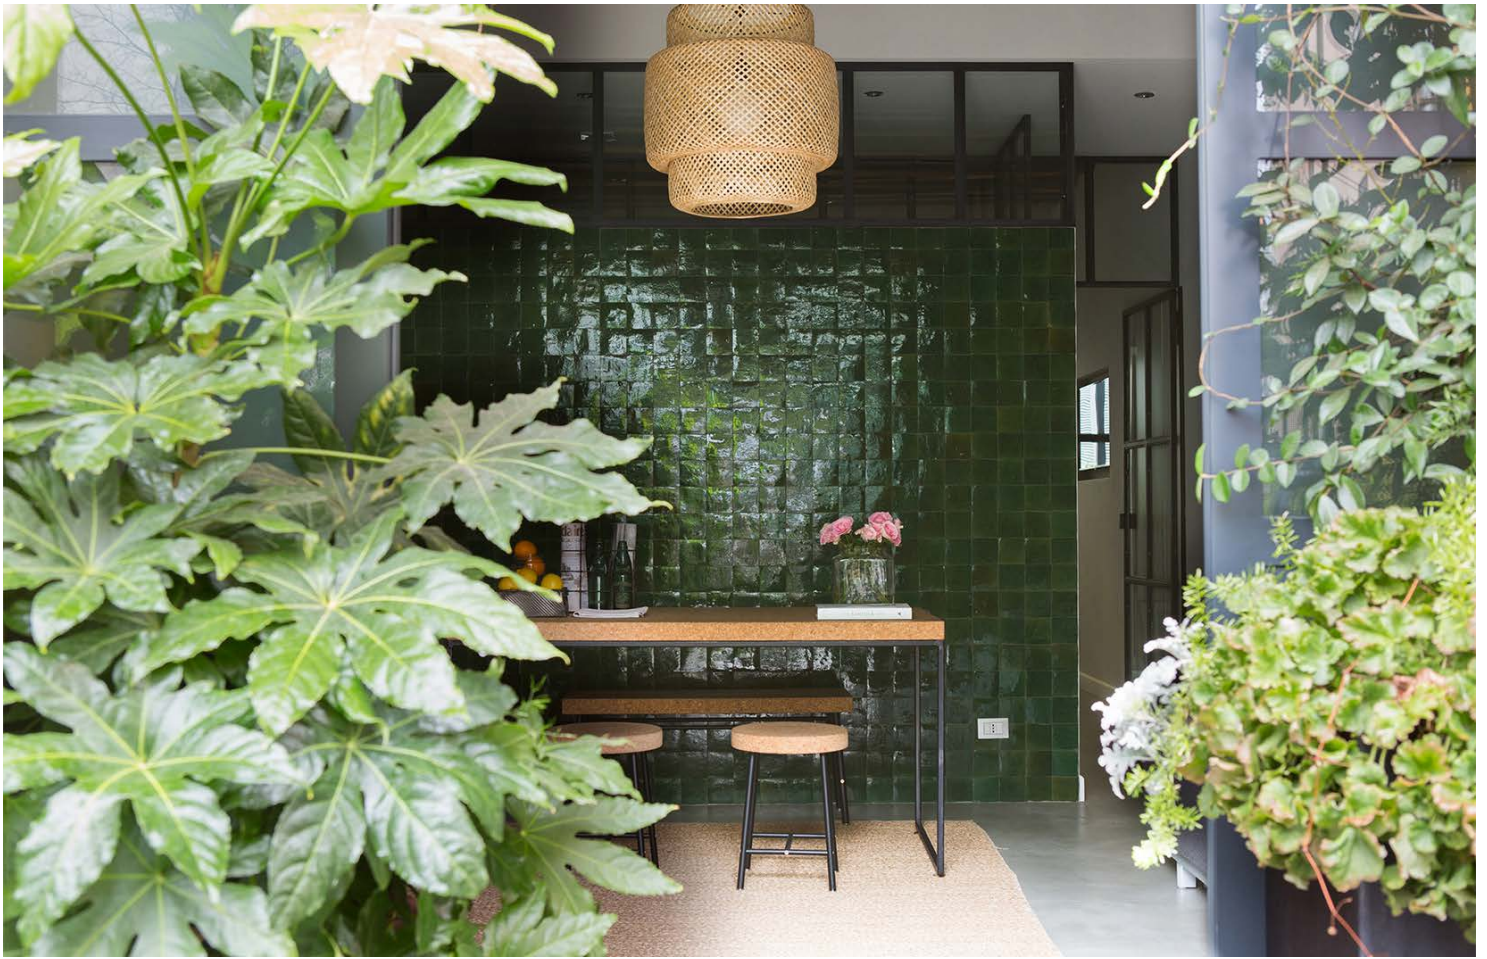

30/10/17, by Tine,

Aww, I spotted this little gem on [Ilenia Martini's Insta](#) (she always finds the best places!). Since Milan is one of my favourite cities and always worth a visit, I'd like to share this apartment to rent with you: [The Greenhouse](#).

The former garage and launderette was turned into a “greenhouse” by designer Ilse Crawford and is located in the vibrant and cool neighborhood of Porta Venezia, just 10 min walk from Duomo Cathedral. It is composed by a living area with a fully equipped kitchen and a double sofa bed, a bathroom with a huge shower, and a wide bedroom with a double bed.

You can rent it via [Airbnb](#), starting from 110 EUR per night!
